What is Coachella Doing?

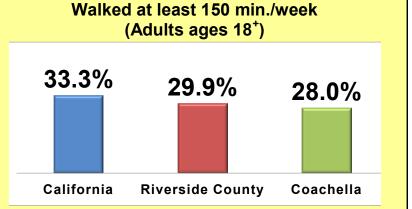

Riverside Walk score retrieved from: www.walkscore.com University Markets: http://www.seecalifornia.com/events/farmers-market/riverside-county.html HEALTH SYSTEM Park details: http://www.riversideca.gov/park_rec/facilities.asp Public Health

The City of Coachella is full of art, history and culture. The City has an active Bagdouma Park Community Center that offers fitness classes for adults and children of all ages. The Community Center also programs Day Camps during the summer with exciting activities for children ranging from the creative arts to sports. Coachella aims to improve community health and wellness by finding new and creative ways of bettering neighborhood health options. Goals include making walkable neighborhoods, reducing environmental pollutants, establishing local food production, aligning with schools and agencies to optimize resources, among others. For more information and city news visit: http://www.coachella.org.
