

Riverside County Health Priorities

2015-2020

Community Priorities

Creating Healthy Communities

Creating healthier communities through:

- ~ Improving community safety
- ~ Ensuring access to clean air/water, healthy food, and housing
- ~ Improving neighborhood planning efforts that promote health

Promoting Healthy Behavior

Promoting better behavior through:

- ~ Reducing obesity-related chronic disease
- ~ Reducing the use of tobacco, alcohol, and drugs
- ~ Reducing preventable illnesses

Connecting and Investing in People

Bringing health to the community through:

- ~ Increasing access to education and employment opportunities
- ~ Leveraging and strengthening innovative collaborations

Improving Access to Care

Providing health services through:

- ~ Expanding Health System Capacity to Provide Quality Care
- ~ Expanding Mental Health Services
- ~ Increasing Access to Preventive Services
- ~ Improving access to timely and understandable health information
